TITLE INDEX

Beyond power and control: Toward a "second order" family systems therapy, L. Hoffman, 3(4), 381–396.

Chronicity and the physician, N. Grose & T. J. Goodrich, 3(2), 190–196.
Conference report: Research on the family system in family medicine, D. C. Ransom, 3(2), 250–256.
Conference report: Society of Teachers of Family Medicine: "Family in Family Medicine V: Programs across the Nation," M. L. Glenn, 3(3), 356–359.
Conversion disorder in childhood and adolescence, Part I: A familial/cultural approach, W. J. Seltzer, 3(3), 261–280.
Conversion disorder in childhood and adolescence, Part II: Therapeutic issues, W. J. Seltzer, 3(4), 397–416.

Diagnose the system, treat the individual: Hypnosis for secondary impotence, T. Goguen, 3(3), 308–312.
Difficult consultation in a private family practice setting, L. I. Silverberg, 3(3), 340–343.

Epistemology and the impaired physician, D.A. Bloch, 3(4), 378–380.
Establishing and maintaining a family treatment center in a general hospital setting, R. E. Carter, 3(2), 133–141.

Failure to thrive: A transactional issue, E. Goldson, P. J. Milla, & A. Bentovim, 3(2), 205–213.
Families and ethics: Iatrogenic miracles, D. P. Bloch, 3(2), 131–132.
Family and beyond: The larger context of noncompliance, H. F. Stein & J. M. Pontious, 3(2), 179–189.
Family consultation in family medicine: A case example, C. E. Sluzki, 3(2), 160–170.
Family medicine and literature: A natural match, M. E. Maccio & L. Garcia-Shelton, 3(1), 27–33.
Family practice impact of a teaching curriculum in family dynamics, R. J. Sawa, E. A. Henderson, R. Y. Pablo, & W. A. Falk, 3(1), 50–59.
Family therapists and family therapy programs in hospital settings: A survey, C. McCall & C. L. Storm, 3(2), 142–150.
Family therapy with closed head injured patients: Utilizing Kubler-Ross' model, A. M. Groveman & E. W. Brown, 3(4), 440–446.

Glossary, A. H. Strelnick, 3(1), 82–88.

Hated adolescent: Reactions of family and hospital staff to an aplastic anemia patient, S. Namir & D. K. Wellisch, 3(3), 313–325.
Health, illness and the family: An evolutionary perspective, J. Schwartzman, 3(4), 447–453.

Intervening with families with chronic illness, M. Leahey & L. M. Wright, 3(1), 60–69.
Interview: Milton Seifert, M.D., M. L. Glenn, 3(2), 221–232.
Interview: Rita Ulrich, M.S.W., M. L. Glenn, 3(1), 88–102.
Interview: William Phillips, M.D., M.P.H., and Larry Mauksch, M.Ed., M. L. Glenn, 3(3), 344–355.
Irritable bowel syndrome in an adolescent adjusting to divorce: A case report, J. L. Ross, E. J. Phipps, & W. L. Milligan, 3(3), 334–339.

Multilevel intervention on behalf of a catastrophically ill child, A. J. Pumariega & S. S. Snow, 3(3), 326–333.
Multilevel patterns: Family therapy with neuropsychiatric patients, J. L. Griffith, 3(2), 151–159.
On the cutting edge: Prevention, immunology, appraisal, and family health and illness cycle. H. I. McCubbin & J. M. Patterson, 3(2), 241–249.

A paradoxical treatment format for anxiety-related somatic complaints: Four case studies, G. J. Greene & D. B. Sattin, 3(2), 197–204.
Partial success in behavioral couples treatment of chronic smoking: A case report, R. D. Hill & M. A. Chesney, 3(3), 301–308.
Physician-family therapist collaboration: Children with medical problems, J. Sargent, 3(4), 454–465.
Positive effects of psychosocial interventions on total health care: A review of the literature, R. C. Rinaldi, 3(4), 417–426.
Principles of accounting II, D. A. Bloch, 3(1), 3–5.
Protocols: A biopsychosocial smoking cessation protocol, L. Becker, J. Steinbauer, & W. J. Doherty, 3(1), 103–110.
Protocols: Chemical dependency: A protocol for involving the family, M. A. Baird, 3(2), 216–220.
Psychosomatics I. Psychosocial characteristics of psychosomatic patients and their families, M. Wirsching & H. Stierlin, 3(1), 6–16.

Psychosomatics II. Treatment considerations, M. Wirsching & H. Stierlin, 3(3), 281–290.

Random notes: A sense of purpose for teaching behavioral science in family medicine, D. C. Ransom, 3(4), 494–499.
Random notes: Health promotion and the family, D. C. Ransom, 3(2), 250–256.
Random notes: The family health maintenance demonstration, D. C. Ransom, 3(3), 371–376.
Random notes: The unconventional future of family medicine, D. C. Ransom, 3(1), 120–126.
Response to Hochheiser and Chapados, D. S. Bishop and N. B. Epstein, 3(4), 481–485.

Some of my best friends are dead: Treatment of the post-traumatic stress disorder patient and his family, S. A. Haley, 3(1), 17–26.
A strategy for prevention: Role flexibility and affective reactivity as factors in family coping, A. Koch, 3(1), 70–81.
Symptom formation as resistance to becoming healthy: A case report, M. L. Velasco, 3(1), 45–49.
Systemic worms and other loops, D. A. Bloch, 3(3), 258–260.
Systems model for therapy with brain-injured adults and their families, P. W. Henry, J. Knippa, and C. J. Golden, 3(4), 427–439.
Systems theory applied to families with a diabetic child, S. M. Caldwell & J. W. Pichert, 3(1), 34–44.

Teaching "family": The family medicine chart review, A. S. Wolkenstein, S. L. Lawrence, & D. J. Butler, 3(2), 171–178.
Toward collaborative family-oriented health care, M. L. Glenn, 3(4), 466–475.
Training family physicians to treat families: What is done and what is needed, L. I. Hochheiser & J. Chapados, 3(4), 476–480.
Treatment of a nondrinking family member of an alcoholic family system by a family nursing team, L. M. Wright, D. Miller, & K. L. Nelson, 3(3), 291–300.

Books Reviewed

The broken brain: The biological revolution in psychiatry, by N. C. Andreasen, E. Phipps & K. L. Bartholomew, 3(1), 114–116.
Children of depressed parents: Risk, identification and intervention, ed. by H. L. Morrison, A. Style, 3(2), 233–234.
Clinical social work in health settings: A guide to professional practice with exemplars, by T. O. Carlton, B. Z. Bassoff, 3(3), 365–366.
Comparative health systems: Descriptive analysis of fourteen national health systems, ed. by M. E. Raffel, M. L. Glenn, 3(3), 367.
Crisis in health care for black and poor Americans, by Southern Christian Leadership Conference, M. L. Glenn, 3(3), 368–369.
Family evaluation, by M. A. Karpel & E. S. Strauss, S. H. McDaniel, 3(4), 491–493.
Family relations. Special issue: The family and health care, ed. by W. J. Doherty & H. I. McCubbin, T. L. Campbell, 3(3), 362–364.
General practitioners and consultants: A study of outpatient referrals, by R. Dowie, M. L. Glenn, 3(2), 235–240.
Health and ways of living. The Alameda County study, by L. F. Berkaman & L. Breslow, J. M. Patterson, 3(1), 111–114.
Helping patients and their families cope with medical problems, by H. B. Roback, M. Cohen, 3(3), 360–362.
Medicine as a human experience, by D. E. Reiser & D. H. Rosen, M. L. Glenn, 3(3), 367–368.
On diagnosis: A systemic approach, by M. L. Glenn, S. R. Anderson & L. S. Kyde, 3(1), 116–118.
Primary health care: Bridging the gap between theory and practice, by N. C. H. Scott; Proper doctoring, by D. Mendel, M. L. Glenn, 3(2), 235–240.
The silent world of doctor and patient, by J. Katz, H. F. Stein, 3(4), 486–491.
